

SECUREPATH

Strategic Security Solutions Through Partnership

CAPABILITIES STATEMENT

SecurePath is a Service-Disabled Veteran-Owned Small Business (SDVOSB) providing strategic planning, emergency management solutions, and specialized technology distribution to government agencies and commercial clients. Led by Colonel Vincent R. Lindenmeyer, Ph.D., (U.S. Army, Retired), we deliver rapid strategic clarity through our proprietary Strategic Clarity System, distribute cutting-edge security technologies as the exclusive government distributor for Illumipure medical pathogen control systems, and provide authorized reseller access to Clearpath EPM's TOTALITY emergency management platform. Our mission is to transform how organizations approach security and preparedness—from reactive response to proactive resilience.
