

SECUREPATH

Strategic Security Solutions Through Partnership

CAPABILITIES STATEMENT

SecurePath

SecurePath is a Service-Disabled Veteran-Owned Small Business (SDVOSB) delivering antimicrobial lighting, indoor air quality (IAQ) monitoring, and emergency management solutions to federal, healthcare, aerospace, and research environments. As an authorized government distributor for IllumiPure's patented CleanWhite® technology – with 73% documented pathogen reduction and IEC 62471 Risk Group 0 certification – SecurePath provides a direct SDVOSB pathway to FDA-cleared continuous sanitization lighting. Led by Colonel Vincent R. Lindenmeyer, Ph.D. (U.S. Army, Retired), we deliver proven pathogen control, the ClearPath EPM TOTALITY emergency management platform, and proprietary strategic planning methodology – transforming facility safety from reactive response to proactive resilience. Available for SDVOSB sole-source contracts up to \$7M.
